Medical Outreach Clinic is Relocating

The Medical Outreach Clinic on the Hayward Area Memorial Hospital Medical Campus is relocating in August 2019.

Last year we added Orthopedics and in August 2019, we will open Urology Services with Dr. Paul Tonkin. With our expanded services comes the need to temporarily relocate our Medical Outreach Clinic. In early August, the Outreach Clinic will move to the lower level of the Heritage Building to a brand new clinic space.

Parking for patients will be close to the clinic's entrance and fully accessible.

Over the next few years our medical campus will be undergoing many changes as we remodel our facilities to better serve our community and expand our services.
